Cary, NC 27513

[Visit Company Website](#)

Visit Chatham Hill Winery for an all-encompassing wine experience; including a tour of the winery, samples of 8 wines, and a souvenir wine glass.

Tasting, tours, and wine education can all be found at Chatham Hill Winery, the first Urban Winery in North Carolina located right down the road in Cary. It's a friendly place with a very informative tour and good "real" wines – not just your sweet muscadines, typical of the area. Their un-oaked vintage wines are quite good. Some of their reds are rich and complex, without the "clay" taste of many grapes grown in the region.

After exploring what the winery has to offer, stick around to enjoy a glass or bottle of wine you learned about. Pick up your latest treasure from the wine store to take home. When the weather is good, there is a great deck area where you can relax. Some local folks even bike over to enjoy the atmosphere.

**Helpful Hint:** Purchase a bottle or more of wine and receive \$2.00 off your wine tasting fee.
